NOTES ANNEXED TO AND FORMING PART OF THE BALANCE SHEET

NOTE 1A : COMPANY INFORMATION

LAJ EXPORTS IMITED is a private Limited Company with registered office at FARM NO. 22, SOUTH DRIVE DLF FARM HOUSE CHHATTARPUR ROAD NEW DELHI South West Delhi DL 110074. The Company is in the business of and to Manufacturing and Exporting Readymade Garments to different countries.

Mr. Rajinder Kumar Aneja is responsible for making major corporate decisions, managing overall operations, and setting the company's strategic direction. They are accountable to the board of directors or stakeholders of the company and are often the public face of the organization. Mr. Naresh Aneja is focused more on Finance and Account and implementing company strategies into daily operations to meet objectives.

NOTE 1B : BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

(1) Basis of Preparation and Measurement

A Basis of Preparation

The financial statements have been prepared and presented under the historic cost convention on accrual basis of accounting, in accordance with generally accepted accounting principles ("GAAP") applicable in India. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') and pronouncements of the Institute of Chartered Accountants of India, the provisions of the Act (to the extent notified).

B Key Accounting Estimates and Judgements

The preparation of standalone financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively

C Amendments to Schedule III of the Companies Act, 2013

Ministry of Corporate Affairs (MCA) issued notifications dated 24th March, 2024 to amend Schedule III of the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the financial year starting 1st April, 2024 and applied to the standalone financial statements as required by Schedule III

D Significant Accounting Policies

The significant accounting policies used in preparation of the standalone financial statements are as under

i. Property, Pland and Equipment

- There are some transacions related to it.

ii. Goodwill and Other Intangible Assets

- There are no transacions related to it.

iii. Revenue Recognition

A

①

- Revenue is recognized to the extent that it is probable that, the economic benefits will flow to the Company and the revenue can be reliably estimated and collectability is reasonably assured.

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customer and when there are no longer any unfulfilled obligations. The Performance Obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

- Revenue is measured on the basis of sale price, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and rebates. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.
- Unbilled revenue represents earnings on ongoing fixed price and time and material contracts over and above the amounts invoiced to customers.

iv. Other revenues

- Income from interest is being accounted for on time proportion basis taking into account the amount outstanding and the applicable rate of interest.

v. Employee benefits

- Employee benefits payable wholly within 12 months of leaving employee services are classified as short term employee benefits. These benefits include salaries and wages bonus and ex-gratia. The undiscounted amount of short term employee benefits to be paid in exchange for employee services is recognized as an expense as the related services is rendered by employees.

Provident Fund

- Company has obligation under provident fund plan.

Gratuity

- Company has obligation under gratuity plan.

vi. Foreign currency transactions:

- There are transactions related to foreign currency.

vii. Income Taxes

- Income-tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit effects of timing differences between accounting income and taxable income for the period). Income-tax expense is recognised in profit or loss except that tax expense related to items recognised directly in reserves is also recognised in those reserves.

Current tax is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the applicable tax rates and tax laws.

- Deferred tax is recognised in respect of timing differences between taxable income and accounting income i.e. differences that originate in one period and are capable of reversal in one or more subsequent periods. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

- Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the Statement of Profit and Loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

viii. Provisions, contingent liabilities and contingent assets

- A provision is recognized when the Company has a present obligation as a result of past event i.e., it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs

ix. Earnings per Share

- Basic earnings per equity share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes, if any) by the weighted average number of equity shares outstanding during the period.
- Diluted earnings per share is computed by dividing the net profit or loss for the period attributable to the equity shareholders of the Company and weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. In computing dilutive earnings per share, only potential equity shares that are dilutive and that decrease profit per share are included.

x. Valuation Of Inventory

- Stock of raw material and consumables are carried at cost (computed on first-in-first-out basis) or Net Realizable Value, whichever is lower, if any.
- However, there was no stock-in-progress at end the financial year.
- Finished goods are value at cost of manufacturing (computed on first-in-first-out basis) or net realizable value, whichever is lower.

xi. Miscellaneous Expenditures

- Miscellaneous expenses namely Pre-Operative Expenses & Preliminary expenses are being written off during the year in which these were incurred, if any.

xii. Segment Reporting

- Business Segment→ The business has considered as the primary segment for disclosure. The company is a Manufacturing and Exporting company who Exports Readymade Garments to buyers in different countries as per their specifications which in the context of Accounting Standard 17 issued by the Institute of Chartered Accountants of India is Considered the only business segment.
- Geographical Segment→ The company do its business mainly from India. The condition prevailing in India being uniform, no separate geographical disclosure is necessary.

xiii. Contingent Liabilities

- A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that outflow of resources will be require to settle the obligation.
- A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognizes because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.
- Contingent Liability not provided for:

a) Claim against the company not acknowledge as debts.	NIL	NIL
b) Bills discounted from banks	NIL	NIL
c) Surety given by the company under the Sales Tax Act on behalf of others	NIL	NIL

xiv. Cash And Cash Equivalents (For Purposes Of Cash Flow Statement)

- Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

N

d

xv. Related Party Disclosures

- * Information pursuant to As-18 in "Related party Disclosures" (as furnished by management and relied upon by Auditors)-As per Tax Audit Report

Name of related parties and description of relationship:

a. Holding Company	NIL
b. Subsidiaries	NIL
c. Fellow subsidiaries	NIL
d. Associates	NIL
e. Key Management Personnel	1. Sh. Rajinder Kumar Aneja 2. Sh. Naresh Aneja

xvi. Balances of some items of Loans and Advances, Current Assets and Current Liabilities are subject to confirmation.

xvii. Previous year figures are regrouped and rearranged wherever necessary to confirm to the current year presentation/ classification. In the opinion of the Board of Directors, Provision has been made for all known liabilities.

xviii. In the opinion of the Board and to the best of its knowledge, the value of realization of current assets, loans & advances in the ordinary course of business would not be less than the amount at which they are stated in the balance sheet.

xix. The information required to be disclosed under the Micro, Small and Medium Enterprises development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company. There are no over dues to parties on account and/ or interest and accordingly no additional disclosures have been made.

There are no small scale/ancillary industrial undertaking creditors of whom the payment is outstanding for more than six months.
